Microtune certifies that it gathered the information it provides in this form concerning RoHS restrictive substances using appropriate methods to ensure its accuracy and that such information is true and correct to the best of its knowledge and belief, as of the date that Microtune completes this form. Microtune acknowledges that the Customer will rely on this certification in determining the compliance of its products with European Union member state laws that implement the RoHS Directive. Microtune may have relied on information provided by others in completing this form, and Microtune may not have independently verified such information. However, in situations where Microtune has not independently verified information provided by others, Microtune agrees that, at a minimum, its suppliers have provided certifications regarding their contributions to the part(s), and those certifications are at least as comprehensive as the certification in this paragraph. If Microtune and the Customer enter into a written agreement with respect to the identified part(s), the terms and conditions of that agreement, including any warranty rights and/or remedies provided as part of that agreement, will be the sole and exclusive source of Microtune's liability and the Customer's remedies for issues that arise regarding information Microtune provides in this form.
